Subject: Uber

I support Uber. They have changed the game in Greenville, resulting in less people who may be drunk driving home from bars. Taxis have proven to be unreliable and uber provides a valuable public service.

Stop caving to the taxi lobby and let uber operate. My vote depends on it.

Subject: In favor of Uber

I write to request that you allow Uber to operate in SC. I rely on Uber for safe, efficient transportation in many other cities where it operates when I travel. Uber's standards for cleanliness of car and driver far exceed those of Columbia's disgusting cabs. This is what free enterprise is about: competitors rising to provide better services. It should not be the place of any regulatory group to prevent competition and the use of a different business model.

They provide a great service. Let people make money. Don't hinder capitalism in the state of SC.

Uber's service is far superior to any taxi service. Please remove the cease and desist order placed on Uber. The public will speak loud and clear on this matter

It is my sincere hope that you will allow innovation in SC and work with Uber. Taxis are outdated and useless as unicorns are easier to catch. Those dinosaurs are over. I know that the other group that fights Uber wherever they go is DUI attorneys and I assume it is that faction that is gumming up the works. We all know that Uber is a better way but those whose livelihood are threatened (taxi companies and DUI attorneys) obviously have your ear. Please allow the free market to decide this issue, not backroom deals and outdated idea on how things "should be."

Cordially,
Chris Doar
Greenville, SC
